

2 OCT 1980

MEMORANDUM FOR: Chief, Plans and Programs Staff, OL

FROM:
Chief, Procurement Division, OL

SUBJECT: New Communications Support Requirements
for FY 1983-FY 1987

REFERENCE: Memo for Mtp1 Adse fm C/MS/DDA dtd 11 Aug 80,
Same subj (DD/A 80-1492/2)(OL 0-3704)

As requested, Procurement Division has attempted to identify new communications requirements for the period FY 1983-FY 1987. It is our belief that PD's requirements will be subsumed within the evolving information handling systems under development by ODP and OC, e.g., electronic mail, interactive word processors/terminals, secure facsimile transmission systems. It does not appear appropriate to attempt to identify PD's limited requirements as a separate item.
